MAYOR'S ANGER RISES AGAIN

Another Effort to Place Executive in False Light.

CLOSING OF GAMBLING DENS

HE ORDERED CHIEF OF POLICE TO WARN PROPERTY OWN ERS.

The glowing coals of Mayor Thompson's anger were fanned into a fame again last night when he cast his eye again last night when he cast his eye upon another alleged interview with Chief Paul, in which it was said that the head of the police department alifrmed the truth of the alleged statements which he so vigorously denied in his tete-a-tete with the chief executive the night before. The interview had the appearance of being an effort to smooth over the first one by saying that the chief had upon his own authority sent out the notices warning property holders against renting their places for gambling purposes. In this interview the chief stated that he had not been misquoted, but that his statements had been misconstrued. The mayor states that whether the chief was misquoted or his statements were misconstrued, that what the chief did was in accordance with his orders, and statements to the

with his orders, and statements to the effect that orders of any kind had been issued without the mayor's authority

Mayor Says It Is Stuff.

Mayor Says It Is Stun.

In the last alleged interview the chief is quoted as having said that his first interview with an afternoon paper was correct substantially, but that he did not mean that he had closed gambling without the orders of the mayor. He also intimated that he had semiout the notices to the property owners without the authority of the mayor. The same paper editorially stated that a notice had been served upon the mayor himself.

mayor himself.
"That is all stuff," said the mayor, "That is all stuff," said the mayor, as he brought his fist down upon his desk with a thud, "and Chief Paul will admit it if you ask him. I didn't receive any notice of the kind, and furthermore, these notices were sent out in accordance with my orders and the chief didn't do it on his own responsibility. I have been opposed to gambling ever since I closed it two years ago, and I told Chief Paul so when he went into office.

"A month ago I called the chief to my office and told him that gambling would have to stop and that he must go to the preprietors of the houses himself and tell them it must stop. I told him not to entrust the matter to any officer, but to attend to it personally. He reported to me that it was almost impossible to get evidence to convict anyone.

Ordered Houses Closed. "He wasn't making the progress in closing up the places that I wanted to see and last Tuesday I called him to my office and ordered him to draft no-

my office and ordered him to draft notices to the property owners, warning them against renting their places for gambling purposes. I saw that this was the only way that gambling could be effectually stopped. I told the chief to get out these notices and furnish me with a copy of them.

"I further told him that if he found any gambling places being run in buildings owned by me to close them up first. I told him that I did not rent my places for such purposes, but that if any of my renters had sub-let the places to gamblers, to close them up. He sent out these orders and did it by my direction, not upon his own audirection, not upon his own au-ority. If you ask him he will not ny this."

about his alleged statement of vester-day to the afternoon paper, said:
"I haven't read it and I don't pro-pose to. I don't know whether I was quoted correctly or not. I gave all the papers practically the same state-ments, and if any of them have col-ored them up that is their fault. I don't want to get into any newspaper controversy and I will not say another word about the affair."

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 27 degrees; minimum temperature, 4 degrees; mean temperature, 16 degrees, which is 15 degrees below the normal. Accumulated deficiency of temperature since the first of the month, 91 degrees. Accumulated excess of temperature since Jan. 1, 38 degrees. Total precipitation from 6 p. m. to 6 p. m., none. Accumulated deficiency of precipitation since the first of the month, 19 inch. Accumulated excess of precipitation since the first of the month, 19 inch. Accumulated excess of precipitation since the first of January, 48 inch.

Deafness Cannot Be Cured

There is only one way to cure deaf-ness, and that is by constitutional remedies. Deafness is caused by an in-flamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of
